

# This is the Day

Mono Inc.

"Oto jest dzień"

I believe we belong to another place  
I believe we resurge if we try  
You and me we will see all the red lights in the dark  
Such a beautiful shine round this beautiful heart

This is the day  
We get away from torture  
We get away from harm and rid of all our fears  
This is the day we're going down with pleasure  
We pass away in love  
Don't be afraid my dear  
This is the day...

I believe that you touch my insanity  
I believe that I die in your arms  
You and me oh we seem to have blessings in disguise  
Such a beautiful tear in this beautiful eye

This is the day  
We get away from torture  
We get away from harm and rid of all our fears  
This is the day we're going down with pleasure  
We pass away in love  
Don't be afraid my dear  
This is the day  
Don't be afraid my dear  
Don't be afraid my dear  
Don't be afraid my dear  
This is the day  
Don't be afraid my dear  
Don't be afraid my dear  
Don't be afraid my dear

This is the day  
We get away from torture  
We get away from harm and rid of all our fears  
This is the day we're going down with pleasure  
We pass away in love  
Don't be afraid... my dear...

This is the day  
Don't be afraid my dear  
We get away from harm and rid of all our fears  
This is the day  
Don't be afraid my dear  
We pass away in love  
Don't be afraid my dear  
This is the day  
Don't be afraid my dear  
Don't be afraid my dear  
Don't be afraid my dear  
This is the day  
Don't be afraid my dear  
Don't be afraid my dear
