No direction, need protection, All the futures pass with me Feel rejection, isolation Still in silence Want to be, lone in me Beauty stupid Nothing but vanity Can't you see Feel deception Lost direction Like never before Like never before I still see myself in you now Like a lifetime lived before So indifferent No commitment Always hiding safe in me Close my eyes tight Just to feel right But the words mean nothing to me Beauty stupid, Nothing but vanity Can't you see Feel deception Lost direction Like never before Like never before I still see myself in you now Like a lifetime lived before Lost in your own world Trying to see through mine, But I'm just fine Lost direction Feel deception Like never before Like never before I still see myself in you now Like a lifetime lived before
