

# All Or Nothing

Monrose

Don't tell me this was just a casual affair  
See you in a day or two  
Maybe out somewhere

I see it in your eyes, you feel the way I do  
Runnin from the truth  
cause it's happening too soon

Now I can't live with just one kiss at a time  
Now I need more than just pieces of your life

Cause it's all or nothing  
Time to tell me something  
Should I go or should I stay  
Just don't take me half the way  
Baby, all or nothing  
I need all your loving  
All your mind and all your heart  
All you got is what I want  
Cause it's a-all or nothing

I give you every bit of all I have to give  
If you go you'll never  
Know just what you missed

I don't know how much longer I can wait  
Won't sit around  
While you play your foolish games

Boys will be boys and you gotta have your fun  
Oh, don't you know I've got  
To be the only one

Cause it's all or nothing  
Time to tell me something  
Should I go or should I stay  
Just don't take me half the way  
Baby, all or nothing  
I need all your loving  
All your mind and all your heart  
All you got is what I want  
Cause it's a-all or nothing

Baby, you got a-all or nothing  
Cause it's a-all or nothing (Baby all your love)  
Cause it's a-all or nothi-ing  
Cause it's all or nothing  
Oh-oh  
Baby, you got all or nothing  
Cause it's all or nothing  
Oh-oh
