

Definition Of A Woman

Monrose

So what, you like to wear you pants down low
Actin' all crazy, pimpin' out your wheels for show
It doesn't mean you're not the type of guy for me

See I don't need you living up to a clinch (ya!)
I'm cool with you doing you
Baby, what you gotta say

To my suprise you oh so speechless,
Tell me baby....

Tell me what's your definition of a woman
Think twice before you go round labeling me I'm not your typical superficial
Princess
What do you see when you look at me?

I like to paint
My nails bright colors
Sometimes I might even cut my t-shirt up
My hair changes depending oh how I feel

You see me round rockin' every label
They say "I got it"
But tonight "the drinks on me"

My money don't define the type of girl I am

Tell me Baby!!!!

Tell me what's your definition of a woman
Think twice before you go round labeling me I'm not your typical superficial
Princess
What do you see when you look at me?

Strip away all these things and see what lies beneath
It'll make it so much easier than you think

If you'd just open your eyes, stop trying then realize
all the pieces are here
just seek you will find

When you look at me
When you look at me

Can you see me!!!!!!

Tell me what's your definition of a woman
Think twice before you go round labeling me I'm not your typical superficial
Princess
What do you see when you look at me?
Tell me what's your definition of a woman (Woman)
Think twice before you go round labeling me (meeee) I'm not your typical sup
erficial Princess
What do you see when you look at me? look at me?
