

# Strike the Match

Monrose

Pretty baby with the blue jeans on  
You've been starin at me all night long  
I know you want it  
And you know it's wrong  
But you don't worry about a thing do ya?

I feel you sweating me from over there  
I see the girl your with  
But you don't care  
Acting like I'm shy  
But boy you best beware  
I can light your match and start a fire in here

I know you want it  
I know you need it  
And how I'm feeling  
I really really really wanna  
Strike the match  
Strike strike the match  
Strike the match  
Strike strike the match

...

I know you want it  
I know you need it  
And how I'm feeling  
I really really really wanna  
Strike the match  
Strike strike the match  
Strike the match  
Strike strike your..

Now I don't mind if we doecee doe  
Do a little dance to service your ego  
But I aint tryin to take it out that door  
You gotta tell your girl to leave.. oh yeah  
Don't mean to interrupt a perfect date  
But I need a man who only spins one plate  
Flames are getting higher  
And they just won't wait  
Boy I know you're thirsty come and get your milkshake

I know you want it  
I know you need it  
And how I'm feeling  
I really really really wanna  
Strike the match  
Strike strike the match  
Strike the match  
Strike strike the match

...

I know you want it  
I know you need it  
And how I'm feeling  
I really really really wanna  
Strike the match  
Strike strike the match  
Strike the match

Strike strike your..

Come on, yeah  
The match  
Strike the match, strike it!  
The match  
Strike the match  
The match  
Strike the match, strike it!  
The match  
Strike the match

I know you want it  
I know you need it  
And how I'm feeling  
I really really really wanna  
Strike the match  
Strike strike the match  
Strike the match  
Strike strike the match

...

I know you want it  
I know you need it  
And how I'm feeling  
I really really really wanna
