

# Your Love Is Right Over Me

Monrose

Yeah  
Easy come and easy go  
It's never been enough  
Searching high, searching low  
For my diamond in the rough

Lonely days, empty nights  
Felt like giving up  
Never thought I'd ever find  
Someone I could trust

Then I looked into your eyes  
You forever changed my life

Your love is like gold to me  
It rushes right over me  
It never gets old  
Can't be bought or sold  
Fulfilling me totally  
Your love is right over me  
More precious than life to me  
A love that is blind  
Last for all time  
The way it supposed to be

Oh,  
Your love it feels like gold to me

Take a chance roll a dice  
It's all that you can do  
Thought I found it once or twice  
Everybody plays the fool

When love is real it doesn't fade  
Won't ever wash away  
And now you're here it's understood  
No words we need to say

'cause I know that you're the one  
And my life has just begun (just begun)

Your love is like gold to me  
It rushes right over me  
It never gets old  
Can't be bought or sold  
Fulfilling me totally  
Your love is right over me  
More precious than life to me  
A love that is blind  
Last for all time  
The way it supposed to be

Oh,  
Your love it feels like gold to me  
Yeah

I'd make any sacrifice

Give up everything I own  
I'd pay any price  
For the deepest love I've ever known  
You're one of a kind  
A love for all time

Your love is like gold to me  
It rushes right over me  
It never gets old  
Can't be bought or sold  
Fulfilling me totally  
Your love is right over me  
More precious than life to me  
A love that is blind  
Last for all time  
The way it supposed to be

When love is real it doesn't fade  
It's never gonna wash away  
It's understood no words to say  
Your love is gold to me  
Now I'd make any sacrifice  
You know that I'd pay any price  
I took the chance, I rolled the dice  
It feels so right on me

Your love is like gold to me  
It rushes right over me  
It never gets old  
Can't be bought or sold  
Fulfilling me totally  
Your love is right over me  
More precious than life to me  
A love that is blind  
Last for all time  
The way it supposed to be
