1970

Out of my mind on Saturday night  
1970 rollin' in sight  
Radio burnin' up above  
Beautiful baby, feed you my love

All night till I'm blown away  
All night till I'm blown away  
I feel alright, I feel alright  
Come on

Baby oh baby, burn my heart  
Baby oh baby, burn my heart  
Fall apart baby, fall apart  
Baby oh baby, burn my heart

All night in a world that's lame  
All night in a world that's lame  
I feel alright, I feel alright  
Out of my mind on Saturday night  
1970 rollin' in sight  
World way out, child, up above  
Beautiful baby, feed you my love  
All night till I'm blown away  
All night till I'm blown away  
I feel alright, I feel alright  
I feel alright, I feel alright  
I feel alright, I feel alright (repeats until end)
