

Dinosaur Vacume

Monster Magnet

Take me to the sunspot, now I wanna go home
Flash on the Citadel having too much fun
Atomical baby, I think your moon is dead
Last push of royalty into your bobbing head

Dinosaur vacume wanna take me home?
Dinosaur vacume wanna take me home?

Thunder in a tube top, now I wanna get high
Slaves of the mother rock, cut me another line
Atomical baby, you know you burn alright
Try to find a dope mule into another light

Dinosaur vacume wanna take me home?
Dinosaur vacume wanna take me home?

Dinosaur vacume wanna take me home?
Dinosaur vacume wanna take me home?

Try to turn me baby then go away just like that
Like something insane

Dinosaur vacume
Dinosaur vacume
Dinosaur vacume
...
