

## My Love Is True

Monster Truck

What you doing with your time?  
Do you think of me when you do the things you do?  
What do you think when words don't rhyme?  
When the things you said are not what you do.  
Don't hurt me baby.  
I gave you my heart,  
don't tear it apart,  
and treat me like a fool.  
I know that you've been messing around.  
Painting the town,  
when I'm nowhere to be found.  
The telephone keeps on ringing.  
You don't answer the call if you know it's me.  
I know I'm never home darlin'  
But I promise you, I'll be back real soon.  
I lie awake thinking about you.  
I've seen a change and it rips me in two.  
It won't be the same but I promise you,  
My love is true.
