

Seven Seas Blues

Monster Truck

I've been waiting by the seaside for my ship to come in
I've been waiting such a long time
Never thought I'd see you again
Now I'm moving on over through the wind and the rain
For the dare of the dark void over there waiting for me
Chorus:

Whoa whoa,
I got the seven seas blues
Whoa whoa,
I got the seven seas blues
Whoa whoa,
I got the seven seas yeahh
Oh my girl if I could hold you

I got some tricks you'd be amazed
But baby I got my fleet to go now
You thinking about moving on
Stay with me my pretty darling
I'll be home in not too long
I got the seven ...
I got the seven seas in blue
I got the seven...

Chorus:
Whoa whoa,
I got the seven seas blues
Whoa whoa,
I got the seven seas blues
Whoa whoa,
I got the seven seas yeahh
