

Dust To Dust

Monstrosity

Hey you father
For you have sinned
Why did you love
Let this life begin

I'm not your savior
I'm not your son
A forgotten boy
Abandoned creation

With these final words I pull the switch
We turn to dust, dust to dust
My name is like the kiss of death
And when we embrace we turn to dust

With these final words I pull the switch
We turn to dust, dust to dust
My name is like the kiss of death
And we embrace we turn to dust-----

Turn to dust-----

Ooh, oh

Mother, father, you've answered me
Your souless son, your thing that should not be
A brilliant people, upons to doubt
You gave me life, but took the soul away

With these final words I pull the switch
We turn to dust, dust to dust
My name is like the kiss of death
And when we embrace we turn to dust

With these final words I pull the switch
We turn to dust, dust to dust
My name is like the kiss of death
Ashes to ashes, dust to dust-----
Dust to dust-----

Now, we we belong dead
We belong dead, we belong dead
We belong-----

Oh

With these final words I pull the switch
We turn to dust, dust to dust
My name is like the kiss of death
And when we embrace we turn to dust

With these final words I pull the switch
We turn to dust, dust to dust
My name is like the kiss of death
And when we embrace we turn to dust-----
