

# Spiritual Apocalypse

## Monstrosity

The beast within  
Adorned with devastation  
Revel in pain  
Dissecting all emotions

Vicious burns  
Blackened dark circles  
Mortified within this trance  
The lines have been blurred  
My wrath is my focus  
As part of me dies within you

Race towards doom  
Brace yourself  
As this cold truth  
Comes to life

Vicious burns  
Blackened dark circles  
Mortified within this trance  
The lines have been blurred  
My wrath is my focus  
As part of me dies within you

Writhe in the den of snakes  
You cannot fight back  
Lie in the bed you've made  
Your destruction intact

Storming rage  
Boring deep within  
This mental cage  
Let the rage begin

Vicious burns  
Blackened dark circles  
Mortified within this trance  
The lines have been blurred  
My wrath is my focus  
As part of me dies within you
