

# Everybody (Get Down)

Montell Jordan

I'm checking honey  
And she's  
Licking her lips  
Dancing with her friend, not looking at me  
And if I'm not mistaken  
This is, an invitation  
To participate with me, she and she  
Oh yeah

And now they're waitng for me  
...But they'll wait a little longer  
I played is 'oh so' pimply  
..'Cuz I might see something better  
So I'll just slide in between them  
I gotta let these shorties know  
I'm a holla at them later  
But right now, I gots to flow  
I gots to flow

Everybody get down  
DJ start to get busy  
Everybody get loud  
Ladies start to get freaky  
Niggas start to act wild  
Let me know if you're with me  
Everybody get down

Just like I thought  
The night  
Keeps getting better  
When I see this honey  
Too hot to miss  
She was,  
Sitting in a chair  
With her legs lightly spread  
Showing just how off the chain  
She is

And what she's showing to me  
You could call it "Basic Instinct"  
I played it 'oh so' pimply  
I told her when and where to meet me  
See playboy ain't that anxious  
So I'm letting honey know  
I'ma twist her back up later  
But right now I gots to flow

A party ain't a party  
Unless you got a shorty  
Moving and shaking that ass on you  
It's so good, it's so right  
Girl, I'm feeling you tonight  
And the time is now  
So everybody can get down

Can I get down  
Yes you can

Can I turn it around

Yes you can

Can I work that thang (can I spank that thang)

Go ahead baby (go ahead daddy)

Get down, get down
