

# I'm Going Crazy (Straight Bananas)

Montell Jordan

Baby baby baby let me talk to you  
(Bee) im digging your attitude  
I got a real bad habit  
Maybe all the things you do to me  
Is causing my insanity  
If this is this my reality  
Lock me up and throw away the key

I'm going crazy  
Can't get you out my mind  
I'm going crazy  
Thinking about you all the time  
I'm going crazy  
Straight bananas over you  
Baby, you got me going crazy

Tell me how I let you girl  
Get me all like this  
Then I take one look at you  
How can I resist  
Trying to understand your crazy ways  
Especially when you start to act  
Sometimes I wanna fall back  
You mean much more than that

Ohh it's your buddy  
Got me nutty  
All into you  
Can I just kick it  
I'm addicted  
Don't turn me loose
