

Lifter Of My Head

Montell Jordan

Lost in the miry clay
Hope That I could not see, but You
Answered When I called Your name
You came to my defense
Ran to my rescue, and You turned
Mourning to dancing again

You are the lifter of my head

Jesus, where would I be without you
Lost in this world till I Found You
You are the lifter of my head
Jesus, save me from all of my sadness
Pour on me oil of gladness

Lost in the miry clay
Hope That I could not see, but You
Answered When I called Your name
You came to my defense
Ran to my rescue, and You turned
Mourning to dancing again

You are the lifter of my head

Jesus, where would I be without you
Lost in this world till I Found You
You are the lifter of my head
Jesus, save me from all of my sadness
Pour on me oil of gladness

You gave hope to the hopeless
You gave life to the lifeless
You gave worth to the worthless
You paid the price now I'm priceless

You gave hope to the hopeless
You gave life to the lifeless
You gave worth to the worthless
You paid the price now I'm priceless

You gave hope to the hopeless
You gave life to the lifeless
You gave worth to the worthless
You paid the price now I'm priceless

You gave hope to the hopeless
You gave life to the lifeless
You gave worth to the worthless
You paid the price now I'm priceless

Jesus, where would I be without You
Lost in this world till I Found You
You are the lifter of my head
Jesus, save me from all of my sadness
You Poured oil of gladness on me

Lost in the miry clay

Hope That I could not see, but You
Answered When I called Your name

You are the lifter of my head
You are the lifter of my head
You are the lifter of my head
