

The Big Man's Back

Montell Jordan

The big man's back

Chorus

The big man's back in town

To all you haters and all clowns

All my women lets get down cause the

Big man's back in town

The big man's back

Beats is so sick

You waiting and debating

Getting impatient

While singers so wood and

Singers go plastic

You put me on the shelf

And I still make classic

(ohhh)

Nah, the tell don't stop

Tight leash on your girl

Cause she's eyeing my drop

R&B scrub (what!) but I am still standing

Praying for you cats having "rocky-landings"
