How ya doing baby?

I'm doin' great, how are you this evening? I'm wonderful now that you're here It's so nice to see you Now, you're working on your fourth album And you been traveling around the world How does it feel? Oh hectic, I can't even explain it It's just been crazy but it's been exciting Exciting? Yeah Everything you do is exciting Now I heard you been to Ireland, you been to Africa And ooh, baby, I heard you went to Cuba Oh, Cuba was so, so incredible Now you know what they say don't you? Once you let a Latin love steal your heart It's ah, oh man, I don't even wanna go there Let me quit, let me quit, let me quit Now tell me, is there a story there? Is there anything you can like tell us About that exciting trip? Nothing I don't think we could discuss on the radio Oh, come on, mijo you can tell me Oh mami, uh I could tell yuou a story about Cuba But I don't think you'd believe me
