

# Why You Wanna Do That

Montell Jordan

Shaking in the club, making it all wet  
Sitting on my lap, knowing we just met  
Ooh girl, why you wanna go and do that?  
(Do what?) Do that, why you wanna do that?

Frontin' in the club, making it all wet  
Sitting on my lap, playing hard to get  
Ooh girl, why you wanna go and do that?  
(Do what?) Do that, why you wanna do that?

She's sexually teasing me, standing too close to me  
Whispering things to me just to get my attention  
And she's thinking it's just a game  
Fake numbers and made up names  
Promising freaky things but she's got no intentions

She says she just wanna have fun so  
She keeps leading me on  
Not knowing I ain't the one  
Still she keeps on

Shaking in the club, making it all wet  
Sitting on my lap, knowing we just met  
Ooh girl, why you wanna go and do that?  
(Do what?) Do that, why you wanna do that?

Frontin' in the club, making it all wet  
Sitting on my lap, playing hard to get  
Ooh girl, why you wanna go and do that?  
(Do what?) Do that, why you wanna do that?

To her, image is everything  
And she will do anything  
To make the illusion  
She is the life of the party  
So I'll play along with her scheme  
Until she comes near my cream  
Watching her every move  
Trying to get to my money

She says she just wanna have fun so  
She keeps leading me on  
Not knowing I ain't the one  
Still she keeps on

Shaking in the club, making it all wet  
Sitting on my lap, knowing we just met  
Ooh girl, why you wanna go and do that?  
(Do what?) Do that, why you wanna do that?

Frontin' in the club, making it all wet  
Sitting on my lap, playing hard to get  
Ooh girl, why you wanna go and do that?

Ooh girl, why you wanna go and do that?

Frontin' in the club, making it all wet  
Sitting on my lap, playing hard to get  
Ooh girl, why you wanna go and do that?  
(Do what?) Do that, why you wanna do that?

Touching me (Why you wanna do that?)  
Now you're teasing me (Why you wanna do that?)  
Trying to see my watch (Why you wanna do that?)  
You wanna see my rings (Why you wanna do that?)  
You're all over me (Why you wanna do that?)  
Trying to hold my hand (Why you wanna do that?)  
Cause we had a dance (Why you wanna do that?)  
Girl you don't even know me, no, no

Girl get off me, back up off me  
Why you doing that now, that now?  
Ooh girl why you wanna go and do that?  
(Do what) Do that  
Why you wanna do that?

Girl get off me, back up off me  
Why you doing that now, that now?  
Ooh girl why you wanna go and do that?  
(Do what) Do that  
Why you wanna do that?

Shaking in the club, making it all wet
