

Better for It

Montgomery Gentry

And I've never been a taker
Been heartbroken, been heartbreaker
Don't know what I'm tryna say here
But I'm better for it
Lot of been there's that I've been through
And a lot I won't go back to
Baby I ripped off the rearview
And I'm better for it

I'm still gettin' beat and banged up
Still get hung up on my hang ups
Somewhere between the man I was
And the man I wanna be
I don't know the road I'm takin'
But I know my destination
Cause an angel out there still believes in me

I'm still a rock and roller
There's a devil on my shoulder
But every time I hold her
I'm better for it

I'm still gettin' beat and banged up
Still get hung up on my hang ups
Somewhere between the man I was
And the man I wanna be
I don't know the road I'm takin'
But I know my destination
Cause an angel out there still believes in me
Yes an angel out there still believes in me

I'm still an old hell raiser
But I know I've got a savior
Cause the day that heaven made her
I was better for it
I'm better for it

Gettin' on gettin' some good in my life
Lovin' on you 'til the wrongs get right
Gettin' on gettin' some good in my life
Lovin' on you 'til the wrongs get right
Gettin' on gettin' some good in my life
Lovin' on you 'til the wrongs get right
Gettin' on gettin' some good in my life
Lovin' on you 'til the wrongs get right
