

# So Called Life

Montgomery Gentry

Every mornin' when I get up  
Jet fuel in a coffee cup  
Lord knows I ain't givin' up  
Gonna take on the world today

Sometimes it's green, green grass  
Other times it kicks my ass  
Half-full, half-empty glass  
Don't matter either way

I'm gonna live the life that I'm gonna live  
It ain't what I thought it was  
But it is what it is, baby

This ain't no rodeo  
No dog and pony show  
Ain't no roller-coaster ride.  
Ain't no highway  
Sure ain't no river, baby  
It's just my so called,  
Just my so called life

Some days I own this town  
Other days it shoots me down  
As long as I'm still hangin' 'round  
I'm holdin' on to hope

Faith is a powerful thing  
Chasin' after the big brass ring  
Might be a pocket full of jing-a-ling  
But there's one thing that I know

Ya just gotta keep keepin' on doin' like ya do  
You look around when it's said and done  
And realize that it's true, baby

This ain't no rodeo  
No dog and pony show  
Ain't no roller-coaster ride.  
Ain't no highway  
Sure ain't no river, baby  
It's just my so called,  
Just my so called life

My so called...

This ain't no rodeo  
No dog and pony show  
Ain't no roller-coaster ride, yeah!  
Ain't no highway  
Sure ain't no river, baby  
It's just my so called,  
Just my so called life

My so called...
