

Stuck Together

Montreal

Everywhere you go - I will follow you
and if you start to run - I'll start running, too
(your heart is my heart and my arm is your arm)
side by side we'll walk through our life

Stuck, stuck, stuck together - we are stuck together
We are siamesed, we are siamesed, we are siamesed - oh we are s
tuck together!

When we are playing tennis - we always playing double
and if you break your neck/leg - I'm gonna be in trouble
I completely know your past and I'm sure that you know mine
You are staring in my future - till the end of time!
