

# One in a Million

Monty Are I

You look right at me and you say something,  
It's more convincing to hear song birds sing.  
You've got a lot to learn, can't mess with me.  
Gave you a compass, now you're lost at sea.

It's heating up the tension, thick, so thick.  
I'm like a wolf huffing down the bricks.  
Two words, and I can let them burn and burn.  
No time for this, you've got a lot to learn.

So I'm taking a stand,  
It's your last second chance,  
cause I am.

I am, one in a million. (I am)  
I am, one in a million.  
You can thank your lucky stars it'll fall to this part  
Cause I am, (I am), one in a million,  
One in a million.

The words infect me like a bad disease,  
And now I'm sick cause you lied to me,  
Call in a medic there's no turning back,  
One single moment, and it all goes bad.

So I'm taking a stand,  
It's your last second chance,  
cause I am.

I am, one in a million. (I am)  
I am, one in a million.  
You can thank your lucky stars it'll fall to this part  
Cause I am, (I am), one in a million,  
One in a million.

I'm blown away, that you threw all away.  
And I won't hear anything,  
Won't you give me a reason?  
I'm blown away, and now you owe me everything.  
And if there's anything you owe me more...

Cause I'm one in a million.  
I am one in a million.

I am, one in a million. (I am)  
I am, one in a million.  
You can thank your lucky stars it'll fall to this part  
Cause I am, (I am), one in a million,  
One in a million.  
One in a million.  
One in a million.
