

Top Off the Tank

Moonshine Bandits

Rusty ol' Fairlane, smoking like a freight train
Cutting down a with the top rolled down
Cranking up Springsteen, heading out to the creek
as I tear through the town

Top off The Tank, fill up the cooler
Give that girl a wink and away we roll
No time for stop signs, run it right through er'
There's a party by the river down an old dirt road
Top off The Tank, fill up the cooler
Give that girl a wink and away we roll
No time for stop signs, run it right through er'
There's a party by the river down an old dirt road

Redneck paycheck, gone on the weekend
Pulling up in my truck 'cause that's what I sleep in
Pabst Blue Ribbon, daytime drinking
Hit the rope swing oak tree cannon ball dipping
Yeah it's hotter than a Tater Tot where we roll
To the river where the water and the liqueur flow
So meet me at the bank, down by the swimming hole
We'll drink away the day on this old dirt road

Top off The Tank, fill up the cooler
Give that girl a wink and away we roll
No time for stop signs, run it right through er'
There's a party by the river down an old dirt road

Get the box wine out, fire up the pit
If you're sipping on the 'shine then you know we get lit
Koozie for my can with the Copenhagen lid
Like to get out of hand when I get a little ripped
Grill full of burgers, smoker full of trouts
Skinny dipping in the river with the music up loud
Better follow the sound if you don't know the route
One way in, only one way out

Top off The Tank, fill up the cooler
Give that girl a wink and away we roll
No time for stop signs, run it right through er'
There's a party by the river down an old dirt road
Top off The Tank, fill up the cooler
Give that girl a wink and away we roll
No time for stop signs, run it right through er'
There's a party by the river down an old dirt road

There's a warrant in my bottle, gonna leave it hollow
One little swallow he'll be gone like me
Fire up a smoker, beer getting colder
Tie up the rope swing into the creek

Top off The Tank, fill up the cooler
Give that girl a wink and away we roll
No time for stop signs, run it right through er'
There's a party by the river down an old dirt road
Top off The Tank, fill up the cooler
Give that girl a wink and away we roll

No time for stop signs, run it right through er'
There's a party by the river down an old dirt road
