

## A Walk on the Darkside

### Moonspell

Now you dream inside  
Her sleep of death.  
You get to keep your soul  
Until she claims it back.  
A darkness without end.  
Morning was drained.  
Here comes the rain.  
And on the other side,  
All is dark again.  
And the dark walls  
At your side again.  
And you walk  
The darkside again.  
You are the dream inside  
Her sleep of death.  
And as I move through her soul  
I'll find you hiding in there:  
The darkness with no end.  
With a light of herself.  
No one can forget.  
And on the other side  
All is dark again  
And the dark walls  
At your side again.  
And you walk  
The darkside again.  
May you walk the darkside again.  
And you walk  
The darkside again.
