

## Capricorn at Her Feet

### Moonspell

Snowbird, ablaze and hurt.  
Brighter, fearless, just like a runaway.  
Princess never-a-smile.  
Oh, child! What makes you try?  
Crying and sobbing  
You greet the other day  
She who never touches ground.  
Spreading an eclipse.  
Where never the sun shines,  
At her feet.  
Frostbite, Astray, Will, Faith.  
Haunting, hunting, she rules the game.  
Twin soul you are always a strange.  
Nothing ever makes you afraid?  
Promising, threatening.  
She looks the other way  
She who never touches ground.  
Spreading an eclipse.  
Where never the sun shines  
At her feet.  
Starlike, but never to be counted.  
Look at your hands, child!  
Destinies grow back to them.  
Daughter sun  
With nothing to say.  
Never a fullmoon  
Just the sickening ray.  
Prudent.  
In tears hiding,  
No water shed.  
The sign of the Cross  
Will take you to bed.  
In Capricorn.  
Spreading an eclipse  
May never the sun shine  
At her feet
