

## Made of Storm

## Moonspell

I am the flood  
and rots with it  
who drags the dirt  
She is the soil  
and lives on it  
with whom I flirt  
who purifies  
I am the flood  
the Lord of Lies

I guess she calls Me  
when I'm inside her  
feels like she is  
I am the flood  
made of Storm

who likes the dirt  
she is the soil  
and sleeps with it  
with whom I flirt  
she rots within  
I am the flood  
who purifies  
She does not know  
the Lord of Lies  
she's fucking with

when I'm inside her  
feels like she is  
made of Storm
