

## Again

**Moonstar88**

In the heat of the night  
I wish you're here by my side  
But one shadow remains  
Emptiness again  
Darkness came  
I'm alone again  
A nice offer to take  
One that's already made  
But can you guarantee  
That you won't leave me  
Standing, facing forward I'll be  
Cause there is someone waiting for me
