

Thanks

When you're away
When you're astray
Alone these things you can't pay
But all the sufferings He made
sufficient for you
A life you gain
Thanksthe thanks cause happiness is
your promise
And it's time to stop and think
What you've done
And what He still gives
He's faithful, loving, forgiving
That's something you can't do
without Him
There's nothing you can do
without Him
Thanks, the thanks cause happiness is your promise
Thanks, the thanks cause peace
And bliss you'll always give
