

## Flying Away

Moony

I wake up  
I wash my face and go  
Here's another day, I'm sure  
I'll fight for what I love

And my music keeps going on  
My heart begins to beat  
And my music keeps going on  
It makes my life complete

I'm flying away, I'm flying away  
I'm flying away, I'm flying away

It's the sound I cannot live without  
As the rhythm goes, I'm sure  
My soul will never pause

And my music keeps going on  
It opens up my eyes  
And my music keeps going on  
'Cause one day I was blind

I'm flying away, I'm flying away  
I'm flying away, I'm flying away

I'm flying...  
I'm flying away
