Flying Away

I wake up I wash my face and go Here's another day, I'm sure I'll fight for what I love

And my music keeps going on My heart begins to beat And my music keeps going on It makes my life complete

I'm flying away, I'm flying away I'm flying away, I'm flying away

It's the sound I cannot live without As the rhythm goes, I'm sure My soul will never pause

And my music keeps going on It opens up my eyes And my music keeps going on 'Cause one day I was blind

I'm flying away, I'm flying away I'm flying away, I'm flying away

I'm flying...
I'm flying away

Moony
