

# Crazy World

Morandi

I saw you crying yesterday  
Just let me wipe those tears away  
I'll be your sun after the rain  
I'll make sure you'll never feel the pain again..

Baby close your eyes and come with me..  
In my world of dreams where love is free..  
Come and hold my hand let's get away  
From this crazy world we're livin' in today

Today i saw your pretty smile  
It made me feel like I'm alive  
You changed my life forever babe'  
And I'm sure I'll never feel the same again..

Baby close your eyes and come with me..

In my world of dreams where love is free..  
Come and hold my hand let's get away  
From this crazy world we're livin' in today

Baby close your eyes and come with me..  
In my world of dreams where love is free..  
Come and hold my hand let's get away  
From this crazy world we're livin' in today

Baby close your eyes  
In my world of dreams  
Come and hold my hand  
From this crazy world we're livin' in today
