

Don`t look back

Morandi

Don't look back
I don't want u to see
All this tears
Just walk away from me
Oh no don't say u don't wanna go
Don't lie i know this is the last goodbye
Oh no don't tell me you're sorry now
Cold rain will wash away the pain
(the rain...the rain...the rain...)

Don't look back
I don't want u to see
All this tears
Just walk away from me
I'm ashamed
Crying nacked in the rain

I'm ashamed
Crying nacked in the rain

Oh no don't say u don't wanna go
Don't lie i know this is the last goodbye
Oh no don't tell me you're sorry now
Cold rain will wash away the pain
(the rain...the rain...the rain...)

Don't look back
I don't want u to see
All this tears
Just walk away from me
I'm ashamed
Crying nacked in the rain
