endless love

Morandi

Endless pain, I'm living in sin
Endless pain is burning my skin
All I need is you, give me love
I believe in you, take me above...

Searching the light of tomorrow
Lost in the dark of today
I'm breaking the chains of my sorrow
So I can escape...

Endless pain, I'm living in sin
Endless pain is burning my skin
All I need is you, give me love
I believe in you, take me above...

Searching the light of tomorrow
Lost in the dark of today
I'm breaking the chaïns of my sorrow
So I can escape...
