

## Hot

Morandi

Put some music, light my fire  
Burning dreams, invite desire  
Just a pain, love will simply blow you away  
Shiny eyes, reveal your temper  
You're so hot and yet so tender  
Yes is right, fall, falling in love tonight.

I'm feeling so hot now  
Sun's never burn like this before  
Hot now,  
Looks like we're begging for some more  
Make it so, you're making me whole.  
I'm feeling so hot now  
Moon's never shone like this before  
Hot now,  
Looks like we're crawling on the floor.  
Make it so, you're making me whole.

I'm feeling so hot now  
Sun's never burn like this before  
Hot now,  
Looks like we're begging for some more  
Make it so, you're making me whole.

Moon's never shone like this before  
Hot now,  
Looks like we're crawling on the floor.  
Make it so, you're making me whole.
