

# I Belong to You

Morandi

I see you leaving, please don't close that door!  
Why don't you love me anymore?  
I love you more than you could ever know  
Forgive me baby, don't let go!

You're leaving tomorrow  
So light out my sorrow  
With one last dance  
Just one more chance  
To say "I love you!"

'cause you belong to me  
I belong to you  
Baby, can't you see?  
The love we have it's true

You belong to me  
I belong to you  
Baby, can't you see?  
The love we have it's true

One bliss, one touch, one smile my baby...  
One breathless kiss before you leave me  
One...  
One more chance

One last dance  
Goodbye, goodbye, goodbye my baby!  
This song, this song it's for you my lady!  
Come...  
One more chance  
One last dance!

You're leaving tomorrow  
So light out my sorrow  
With one last dance  
Just one more chance  
To say "I love you!"

'cause you belong to me  
I belong to you  
Baby, can't you see?  
The love we have it's true

You belong to me  
I belong to you  
Baby, can't you see?  
The love we have it's true
