

Chapel of Ghouls

Morbid Angel

Ghouls attack the church
Crush the holy priest
Turning the cross towards hell
Writhe in [sings "with"]satan's flames
Crush the priest
The feeble church
Dead - your god is dead
Fools - your god is dead
Useless prayers of lies
Behold satan's rise
Crush the priest
The feeble church
The family of dog
Lust upon my altar
Demons attack with hate
Satan in the fires of hell awaits
Death against you all
God hear my death call
