

Hatework

Morbid Angel

Hatework.....
Bringer of doom
Hatework.....

What I have in store
What has the devil got to do with it
I'm brewing my toil
So the brimstone comes this way

Nightwork.....
My life's work
Nightwork.....world in flames

This calls for fire
This is a call for ruin
We will be departed
Leave the rot so lonely

Hatework.....
Bringer of doom
Hatework.....and the turmoil comes.....
Hatework.....
My work
Hatework.....and the earth's left burning

I call death....death is answering me
