

## Vengeance Is Mine

Morbid Angel

Naught within this circle  
All but emptiness expelled  
I am deep in wicked  
And whore to demons works  
Master - I call thee  
Master - Surround me  
With evil in our hearts  
This night we take revenge  
Mote it be  
Satan's sword I have become  
No son shall escape  
No word left unburned  
The power is in me  
Hellspawn in aeternum  
I burn with hate  
To rid the world of  
The Nazarene  
This night of splendor  
The beast arise in me  
This is my destiny  
My sword shall take life
