

Beyond the Gates of Hell

Morbid Saint

Blackened tomb twists the key
Hellish pit awaiting me
Judgment day forever gone
Sinful tortures just begun

Beyond the gates of hell
Lurking in the dark
Forever I will be
Beyond the gates of hell

In the pit the pain he gives
Laughing at my plea to live
Magic circle which I dwell
Take me now, my path from hell

Beyond the gates of hell
Lurking in the dark
Forever I will be
Beyond the gates of hell

Sabbath ritual which I'm in
Paying for my first born sin
Internal soul will never rest
Body and mind creation possessed.
