

Destruction System

Morbid Saint

Tension is high betrayal among men
brainwashed minds sworn to defend
A world that we wished would just go away
another disaster more death on it's way
Now I see what it's all about
and I'll tell you the only way out
To sleep in the deepest slumber of peace
Tranquility is your souls release

Some won't survive some fools do believe
the world can be saved by a preacher on tv
with time their death doesn't seem that bad
Never forever more death to be had
Now I see what it's all about
and I'll tell you the only way out
To sleep in the deepest slumber of peace
Tranquility is your souls release

No feeling pain or sorrow
can you stand to see the light tomorrow
in the light you'll see a new day
You know its going to end the same way

Destruction System

Corruption of government and religion
trying to make what should be your decision
Tv newspapers always in your face
Gonna suck you into their rat race

Destruction System
Destruction System

What's the point of this daily charade
I've tried to look at life a new way
Don't see much hope in salvation
the afterlife or recreation

Step in the light a little closer and you will see
When you look in the mirror that it's not you you see
A reflection of life you don't want to lead
Something your mind won't let you believe
