Love Is Rare

Morcheeba

You got a rocket in your pocket Why can you just let me be Have you no eyes in your sockets Or are you just pleased to see me As you all know You better take care Treat me with respect Because love is rare

As you all know You better beware Treat me with respect Because love is rare Love is rare

I got so holy it hurt Why was I blessed with this rage You rub my face in the dirt And there's a time to turn a new page

As you all know You better take care Treat me with respect Because love is rare

As you all know (As you all know) You better beware (You better beware) Treat me with respect Because love is rare

As you all know You better take care Treat me with respect Because love is rare

As you all know You better beware Treat me with respect Because love is rare

As you all know You better take care Just take care Treat me with respect Because Love is rare

As you all know You better beware You better beware Treat me with respect Because Love is rare

As you all know

You better take care Treat me with respect Because

As you all know You better beware Treat me with respect Because

As you all know You better take care Treat me with respect Because

As you all know Don't go rubbin' my face in the dirt You better beware Treat me with respect Because love is rare
