

Undress Me Now

Morcheeba

1. using your mind
imagine our skin
joined at the hip
joined from within

By using your eyes
you're freezing my frame
watching our clothes
burst into flames

R1:undress me now, you know how
using your eyes,now
undress me now, you know how
using your mind
using your mind

2. so give me a light
or give me a drink
just give me a reason
to feel what I think

R2:undress me now, you know how
using your eyes, now
undress me now, you know how
using your mind

undress me now, you know how
using your eyes,now
undress me now, you know how
using your mind
losing my mind

undress me now, you know how
using your eyes,now
undress me now, you know how

you know how , you know how

you know how , you know how
