

# The Trellis

Mordred

Under the overpass tossing lit matches around  
You burned my favourite shirt, ended up on the ground  
You ended up on the ground

That was when  
All the days  
Went to one  
In a haze

And we never had to try.....

Down by the ocean we watch as the sun hits the waves  
Dark in the twilight, I don't see you slipping away  
Dark in the twilight, I don't see you slipping away

That was then  
And we knew  
Wouldn't end  
Believed it too

When you said  
We were kin  
Made me proud  
That was then...

And we never had to try  
Never saw the gap until we could fit inside

[Solo]

So we never had to try  
Never saw the gap until we could fit inside

Last time I saw you you looked like a dog in the rain  
Greetings were murmured and then we just walked on again  
Then we just walked on again

So it goes  
As we age  
Chapter's end  
Flip the page  
No surprise  
Not much pain  
I'll survive  
If I don't see you again
