

## It's Alive (How I made a Monster)

More Than a Thousand

Six to midnight it's cold and ready  
Five to midnight just keep it steady  
Four to midnight and you know it's ready

3, 2, 1, it's alive it's alive it's alive  
3, 2, 1, it's alive

I'm made of body parts from murders and liars  
I've got six pieces of heart and the eyes of the dead  
Screws coming out from each side of my neck  
Holding a mind of a troubled man

Someone please just put me to sleep  
'Cause everyone keeps running away from me  
Someone please just put me to sleep  
Nothing lasts forever

I am not afraid  
I am not afraid with you by my side  
I am not afraid  
I am not afraid with you by my side  
You won't drive a stake through my heart  
You won't drive a stake through my heart  
You won't drive a stake through my heart  
You won't drive a stake through my heart

I'm made of body parts from murders and liars  
I've got six pieces of heart and the eyes of the dead  
I could have a hundred faces, I could have a million  
names  
Some were lovers, some were haters, I do not know their  
names

Someone please just put me to sleep  
'Cause everyone keeps running away from me  
Someone please just put me to sleep  
Nothing lasts forever

3, 2, 1, it's alive it's alive it's alive  
3, 2, 1, it's alive  
A million stitches sewed together  
All the body parts you stolen  
You brought me to life, but I'll bring death to you.
