

# Gimme Plenty

Morgan Page

Ohhh

Go, go where your heart is  
Taste your suffering  
Feel the joy it brings  
Feel, dream of desire  
Feel the energy  
Between you and me

Oh, nothing you can say or do  
Could change the way I feel for you  
There's only one thing that I need  
That's for us to dream

Gimme, gimme more, gimme love, gimme plenty  
I could make you come here with me if you let me  
Gimme, gimme more, gimme love, gimme plenty  
I'm gonna take you, break you down and save you  
Gimme, gimme love, gimme strength, gimme plenty  
My soul is breaking down, I'm feeling cold, feeling empty  
Gimme, gimme love, gimme love, gimme plenty  
I can take it, I can take it

Go, go where you need to  
Take your time my sweet  
Soon then you will see  
Say, say what you have to  
I am listening  
To every word you breathe

Nothing you could say or do  
Could change the way I feel for you  
There's only one thing that I need  
That's for us to dream

Gimme, gimme more, gimme love, gimme plenty  
I could make you come here with me if you let me  
Gimme, gimme more, gimme love, gimme plenty  
I'm gonna take you, break you down and save you  
Gimme, gimme love, gimme strength, gimme plenty  
My soul is breaking down, I'm feeling cold, feeling empty  
Gimme, gimme love, gimme love, gimme plenty  
I can take it, I can take it

Gimme, gimme more, gimme love, gimme plenty  
I could make you come here with me if you let me  
Gimme, gimme more, gimme love, gimme plenty  
I'm gonna take you, break you down and save you  
Gimme, gimme love, gimme strength, gimme plenty  
My soul is breaking down, I'm feeling cold, feeling empty  
Gimme, gimme love, gimme love, gimme plenty  
I'm gonna take you, break you down and save you

Ohhh....
