

# Paradise Lost

Morgana Lefay

I am the lord of the fallen  
The ultimate rebel from paradise  
A philosopher free thinking breed  
The sovereign of anarchy  
Legionaries of every tribe  
This is where we dwell  
A place of eternal dusk  
We are the dignitaries of hell  
Here we shall rule  
Even though it isn't hell  
I will retake  
My lost paradise  
Into the garden of Eden  
As a serpent I come to tempt  
I offer you to taste the fruit  
From the tree of knowledge  
I make you a demigod  
I give you my thoughts  
I want to make sure that you will be  
A rebellion to the trinity  
Here we shall rule  
Even though it isn't hell  
I will retake  
My lost paradise  
Fallen into the abyss of fire  
Fallen into the abyss of fire
