

# Bloom

Moriah Peters

Have you ever heard you are beautiful  
I know what you're worth  
But you don't see it at all  
After the rain has fallen down the sun comes out

Just keep believing  
You'll see a new season soon  
You're turning into something amazing  
Baby, you were born to bloom, bloom, bloom, bloom

I wish you could see you were made for more  
And your wildest dreams can't compare  
To what God's got in store  
Someday soon you'll kiss the sky like a butterfly

Just keep believing, you'll see a new season soon  
You're turning into something amazing  
Baby, you were born to bloom, bloom, bloom, bloom  
Bloom, bloom, bloom, bloom

Just keep believing, you'll see a new season soon  
You're turning into something amazing  
Baby, you were born to bloom, bloom, bloom, bloom  
Bloom, bloom, bloom, bloom

You were made, you were made to bloom  
You were made to bloom, you were made to bloom  
You were made to bloom, you were made to bloom  
Bloom, bloom
