

Waterfall

Moriah Peters

There's a lot I believe
Couldn't move, couldn't breathe
Secrets out you see it all
Every fear and every flaw

I was afraid that You would turn away but
I'm covered by amazing grace
Underneath Your waterfall
Underneath Your waterfall
I never thought You'd look at me the same
But here you are and nothing's changed
Underneath Your waterfall
Underneath Your waterfall, waterfall

See my shame swept away
I am free I am saved
I'm overcome by the flood
Now I know how deep Your love

I was afraid that You would turn away but
I'm covered by amazing grace
Underneath Your waterfall
Underneath Your waterfall
I never thought You'd look at me the same
But here you are and nothing's changed
Underneath Your waterfall
Underneath Your waterfall, waterfall

Grace like rain
Let it fall, let it fall
You stay with me
Through it all, through it all
Grace like rain
Let it fall, let it fall
You stay with me
Through it all, through it all
I'm underneath Your waterfall
Underneath Your waterfall
Underneath Your waterfall, waterfall

I was afraid that You would turn away but
I'm covered by amazing grace
Underneath Your waterfall
Underneath Your waterfall
I never thought You'd look at me the same
But here you are and nothing's changed
Underneath Your waterfall
Underneath Your waterfall, waterfall
