

## whiteman's ballad

Moriarty

I saw the whiteman coming  
he gets off his plane  
he gets in his land-rover  
and heads from the mines  
I saw the whiteman coming  
coming to steal  
and to rape  
and he calls it business  
I saw the black man waiting  
ready to rob his brothers  
and to give away his sisters  
for a couple of US dollars  
I saw the black nurses wondering  
wondering why  
they keep sending all these white nurses  
to take away their jobs  
I saw Art and Tom coming  
they get off the train  
They're all geared up to record  
and they're kind of insane  
I saw the white girls coming  
coming to get  
what they can't get at home  
it's cheap it's fun  
and it don't last too long  
I saw the businessmen coming  
Cheatin' on their wives  
With underage girls  
Buzzing around their hives  
I saw you coming back a year ago  
Won't you please tell me more  
all about your voyage  
all the things that you did
