

# Hot Tonight

Morningwood

What's your name? (what's your name)  
Where's your mommy?  
'Cause you look like a baby to me  
What'd you do for a good time?  
Would you do anything I please?

And you told yourself to look the other way  
What's a lonely boy to do

You're so hot tonight  
I'm giving it  
I'm giving it  
Your toes crossed the line

Wanna go (wanna go)  
But to my place  
Maybe do a shot of moustique  
Keep it low (shhhh)  
'Cause my roommate  
She listens up to every squick  
So get closer now and let me show you how  
Show you how to be discrete  
You can crawl on my staircase  
And we can you're dirty up the sheets

And you told yourself to look the other way  
What's a lonely boy to do

You're so hot tonight  
I'm giving it  
I'm giving it  
You're so hot tonight  
I'm giving it  
I'm giving it  
Your toes crossed the line (Come on)

Oh... I see you lickin' me over  
I must be getting my way  
I must be getting my way

You're so hot tonight  
I'm giving it  
I'm giving it  
You're so hot tonight  
I'm giving it  
I'm giving it  
Your toes crossed the line  
I'm giving it  
I'm giving it  
You're so hot tonight  
I'm giving it  
I'm giving it  
Your toes crossed the line  
I'm giving it  
I'm giving it
